It often takes oceans of people for a real seachange to happen. No one knows that better than [Oceana](#), the world's largest conservation and philanthropic organization devoted to protecting the world's oceans. And with what has now become an annual event, Oceana will be putting even more of their good efforts into motion: [The SeaChange Summer Party](#), will be held September 10 at the spectacular Villa di Sogni in Laguna Beach overlooking the Pacific Ocean. What more fitting locale to bring attention to the very valuable work of this great organization, where some of the biggest names in the world have already helped immensely in a very worthy cause.
