EVENT CO-CHAIRS EVE KORNYEI AND VALARIE VAN CLEAVE

SEACHANGE SUMMER PARTY RAISES \$900,000 FOR OCEANA

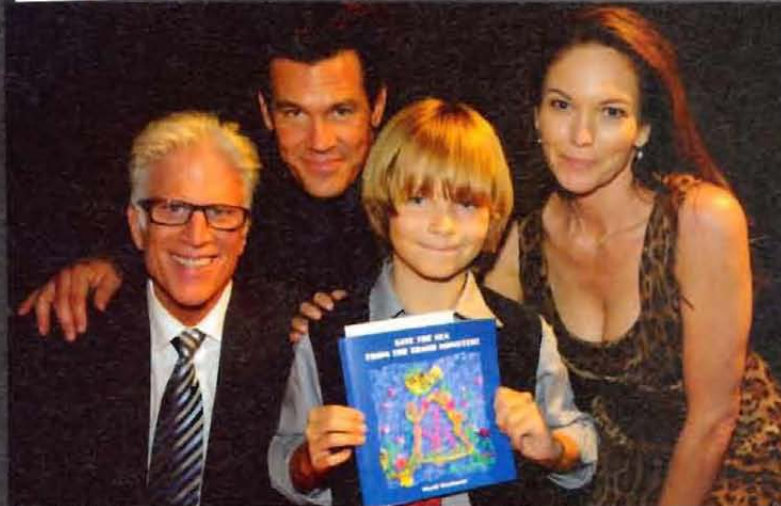

On Oct. 1, 400 guests—including stars Diane Lane, Josh Brolin, Angela Kinsey, Ted Danson, Aimee Teegarden, Jeff Goldblum, Ed Begley Jr., Q'orianka Kilcher, Oscar Nunez and Austin Stowell—attended the 4th Annual SeaChange Summer Party to support Oceana's international ocean conservation efforts. The event took place at a spectacular private residence in Laguna Beach and featured stunning ocean views, a cocktail reception followed by dinner, plus a live and silent auction, video presentations, and speeches from special guests Josh Brolin and Diane Lane. "Oceana is where I turn for leadership in the changes that must be made to save the oceans," Diane commented. "But it's up to us to be proactive, ambitious, far-reaching, deep-reaching in our pockets, demanding the changes in policies, lobbying for tougher laws and enforcing these changes with some teeth." Angela Kinsey and Ted Danson served as event emcees. In all, more than \$900,000 was raised to support Oceana's efforts to protect the world's oceans.
